ACTING GOVERNOR GRIMES.

He Honors a Requisition Issued by
Missouri Executive.

Guthrie, O. T., June 15.—Acting Governor
William Grimes today honored a requisition
by the governor of Missouri for the return
of Luther Griffith to Christian county where he
is wanted to answer to the charge of felonious
assault upon the person of George Lohr at
Billings.

Griffith is in custody at Chandler, having
been apprehended by Sheriff "Bill" Hughesman
of the county. The prisoner is 35
years of age and has relatives in Lincoln
county. Deputy Sheriff Tipton appeared
at the home of Joe Raine, an uncle of the
young man, and requested that Griffith
be delivered to him. The family denied
that young Griffith was on the farm. A
girl was sent to the field to warn Griffith
that an officer was after him. Tipton
followed the girl but before she reached
him the boy disappeared in the brush.
Tipton followed him, but could not secure
Griffith. Finally, after a long search, he
turned toward the house and found the
boy hiding in a clump of bushes. He took
him to Chandler and placed him in the
county jail.

The Missouri officers were notified and
started immediately to secure the prisoner.
Not much is known of the shooting
affair here with the exception that Griffith
used a revolver, shooting several times
at Lohr.

LAWTON IS DISAPPOINTED.

Had Hoped to Enjoy the Army Man-
euvers This Fall.

Guthrie, O. T., June 15.—There is much
disappointment among territorial officials
over the announcement from Lawton that
the annual army maneuvers will be held
at Fort Riley in Kansas this year instead
of at Fort Sill. The statement that the
maneuvers would not be held at Fort Sill
was made by a prominent army officer
at the fort. It is stated that in con-
sultation with this announcement that it
is very probable that the maneuvers
will be held at Fort Sill next year. It
may be said that strong and determined
efforts will be made between this time
and the date of the maneuvers next year
to have Fort Sill designated as the
place of the maneuvers for the troops.

Oklahoma people were much interested
in the outcome of the matter and looked
forward with much anticipation to the
holding of the maneuvers at Fort Sill,
which is a splendid place for such events.

IS ADJUDGED INSANE.

She Became Violent and Must Go to
Sanatorium.

End, O. T., June 15.—Mrs. Kate Sten-
dine who resided near Carver in Garfield
county, has been adjudged insane and
taken to the sanatorium at Norman. At
the examination it developed that the
woman had been demented for five years,
but at times seemed to be improving in
condition. Within the past week Mrs.
Stendine became so violent that it was
determined to take her to the sanatorium.
It required two men to bring her to this
city.

COLEMAN IS RELEASED.

Commissioner Does Not Hold Him for
His Brother's Death.

South McAlester, I. T., June 15.—Henry
Coleman, postmaster at Craig, was re-
leased by Commissioner Wright Satur-
day afternoon, having been given a full
examination, charged with the murder
of his brother, Prof. Buford Coleman,
who was shot at Craig June 5. The de-
fendant was represented by Gutierrez &
Kellogg.

Evidence showed that a number of men
were in a vacant house adjoining Chas-
taw beer. All were intoxicated and in
some way the fatal shot was fired.

TENTS FROM RILEY

Topeka Has 400 Tents to
Shelter Her Sufferers

LIEUTENANT TO MANAGE

Governor's Latest Appeal Re-
sults in Liberal Gifts

Topeka, Kan., June 15.—Today 400 tents
arrived from Fort Riley for the Topeka
flood sufferers. They will be placed in
position here under the direction of Lieut-
enant Cowles of Fort Riley. This action
was made necessary by the miserable sani-
tary condition of North Topeka and was
the only means of preventing an epidemic
of sickness. The tented city will be lo-
cated on a high spot of ground north-
west of town where the sanitary condi-
tions are of the best.

BRIGHTER LOOK EACH DAY.

Business Houses Opening and Mills
Resuming Work.

Topeka, Kan., June 15.—Matters in the
flooded district in this locality have a
brighter look day by day. Business houses
are being opened, mills are resuming
work and people are rapidly returning to
their homes, a large number of which
have now been made habitable.

RELIEF WORK COMMITTEE SAYS.

The committee cannot undertake to
make good losses sustained by the flood,
but it will to relieve actual necessities and
distress.

GOVERNOR TO CONFER.

Topeka, Kan., June 15.—Governor Bal-
ley, a majority of the executive council
and several of the representative business
men of Topeka will go to Kansas City
this afternoon. Their object is to confer
with committees of Kansas City and
Wyandotte county business men in re-
gard to the bridge problem and the special
session of the legislature.

Governor Bailey says the situation is
now assuming a much more cheerful
aspect over Kansas and that he hopes that
some time in either of those cities, East
of the flood, for the flood suffering
districts will be alleviated without re-
course to a special session. The governor
stated today that he had a plan in mind
for the solution of the troubles which he
thought would avoid the calling of a spe-
cial session. He added, however, that he
did not care to make it public until after
this evening's conference.

IS WORSE THAN JOHNSTOWN.

Kansas City, Mo., June 15.—Edward T.
Devine, general secretary of the Charity
Organization society of New York city, left
today for Leavenworth after having made
a critical inspection of the flooded dis-
trict around Kansas City. He describes
the conditions at Armourdale, the Kan-
sas City, Kan., suburb, which received
the brunt of the flood here, as worse than
those following the floods at Johnstown
and Galveston. He said:

"Armourdale is the worst wrecked city
I have ever seen. The newspapers could
not have exaggerated the condition. In
fact, it cannot be described. A person
who has not seen the ruin cannot realize
the awful devastation by the waters. I
had read about the flood and thought of
how bad the condition of Armourdale
was, but I was not prepared for what I
saw."

I was at the Johnstown flood, I also
made a study of the terrible disaster that
visited the city of Galveston. In both
the condition of Armourdale is much more
worse than at either of those cities. East
St. Louis is suffering and 10,000 people are
homeless, but the loss there will not be
comparable with that at Armourdale.
Mr. Devine has wired Mayor Low that
immediate aid in the largest quantities
possible will be required to alleviate the
distress of the flood sufferers now quar-
tered in Kansas City, Kan.

LOST BILLS ARE FOUND.

Two Amendments Have Not Been In-
validated as Reported.

Topeka, Kan., June 15.—Despite the fact
that they have not been enrolled and are
not in the statute book, Kennedy's resolu-
tion providing for the submission of a
proposition to amend the constitution by
making the state printer elective by the
people, and the resolution by Campbell
of Atoka for an amendment permitting
the state to take a change of venue in
criminal cases in counties of less than
10,000, will both appear on the ballot of
next year to be voted upon by the peo-
ple.

When it was found that the resolutions
were not in the statute books and that
there were no enrolled copies on file it
was feared that through neglect, or other-
wise, they would be invalidated. Assis-
tant Secretary of State Wilson, however,
found the originals of the resolutions in
the vault of the Secretary of State's
office. These bear endorsements showing
that they passed and this is corroborated
by the journals of the senate and house.

The constitutionality requires that resolu-
tions to amend the constitution be printed
in at least one paper in every county
for three months previous to the election
at which they are voted on and does not
require that they be published in the
statute book. As a result the resolutions
have not been invalidated, although they
should have been printed in the statute
book as provided in the last section of
both.

NEW BOARD OF HEALTH.

Governor Bailey Names Golden, Car-
ver and Mills.

Topeka, Kan., June 15.—Governor Bal-
ley today named the following men to com-
pose the new board of health: L. A. Gol-
den, Kensington; J. B. Carver, Fort
Scott; E. P. Mills, Olathe.

CHILD WAS DROWNED.

Mother Seeking to Rescue Nearly
Meets the Same Death.

Iola, Kan., June 15.—The Iola Regis-
ter says:
The little 1-year-old daughter of Mr.
and Mrs. Frank Langer of Gas City fell
into the eastern river and was drowned.
Mrs. Langer, while valiantly striving
to save the child, came near meeting the
same fate.

The mother was at home with her two
children when the younger one fell into
the eastern river. The eastern river was
nearly full of water. Mrs. Langer found
that she could not reach the child from
the opening in the eastern and with brave-
mother-like courage leaped into the water
to save her baby. She struggled to keep
the child up for some time, but lost hold
of it when she herself lost conscious-

ECZEMA

The World's Greatest
Skin Torture

Many Infants are Born
with Eczema

It's the Only Thing Some Folks
Have Left When They Die

THE ONLY INFALLIBLE
CURE IS CUTICURA

It is in the treatment of this most dis-
tressing of torturing and disfiguring
skin and scalp humors, with loss of
hair, that the Cuticura remedies have
achieved their greatest success. Original
in composition, scientifically com-
pounded, absolutely pure, unchangeable
in any climate, always ready, and agree-
able to the most delicate, they present to
those suffering from Eczema the most
successful curative of modern times.

We know that this will be considered strong
language by those acquainted with the
character and obstinacy of the disease
under consideration, but it is justified
by innumerable successes where all the
remedies and methods in vogue have
failed to cure, and, in many cases, to
relieve, even.

The first step in the treatment of the
chronic form is to remove the scales and
crusts and then the skin, by warm
saturating Cuticura Soap. The scales,
crusts, eruptions, hands, ankles and feet will
require frequently a thorough soaking in
order to penetrate the thickened skin
and crusts with which these parts are
often covered. Dry carefully, and apply
Cuticura Ointment liberally at first,
and where advisable spread it in places
of soft chafe and bind in place. Take
the Resolvent, pills or liquid, in medium
doses. Do not use cold water in bath-
ing, and avoid cold, raw winds.

Send throughout the world, Cuticura Remedies

ness. Her first screams as she rushed
to the eastern had alarmed the neigh-
bors and several hurried to the house and
after some delay succeeded in getting
Mrs. Langer out in an unconscious con-
dition. It was not known, however, un-
til she regained consciousness a short
time later that the little girl was in the
eastern. The rescuers returned to their
work then and quickly removed the little
from the water but life was extinct.

THROWN FROM THE TRAIN.

Says Two Tramps Robbed Him of His
Cash.

Winfield, Kan., June 15.—Policeman
Nichols has taken in charge a wounded
man who gave his name as Frank Lewis.
Lewis had a bullet hole through his
shoulder. He may be got on the south-
bound Santa Fe freight at Douglas. He
was riding in a box car with two tramps.
Just before the train reached Akron one
of the fellows shot him and he was
taken from him and he was thrown
from the train. He says he then walked
to this city, reaching here about mid-
night. He told the officers here that the
men who robbed him were white men.
The telephone agent at Akron says he
saw Lewis pass through the town, and
that Lewis told him the men were all
colored. No trace has yet been found
of them. Lewis is now at the county
jail. He has been attended by the county
physician who says the wound is not
serious. He claims to be a printer and
says he has been working on the Dou-
glas Tribune. His home is in Illinois.
The officers here are rather suspicious of
the man's story, and are inclined to think
he received the wound in a different
manner from the way he tells.

Ex-Delegate Callahan Returns to Okla-
homa.

Guthrie, O. T., June 15.—Ex-Delegate
to Congress J. Y. Callahan has disposed
of his business interests in Apache and
will return to old Oklahoma to reside in
the future. Callahan has been engaged
in the lumber business in Apache and
is reported to have made a neat sum
of money since the opening of a new
country.

Harvest Gives Work and Lessens
County's Expenses.

With the coming of harvest and other
farm work the county's usual expense
for furnishing transportation and other-
wise assisting destitute persons is ma-
terially lightened. Up to the present
time this month Poor Commissioner Hich-
lin has received only two applications for
transportation, and both of those were
for old soldiers who had wandered away
from the Soldiers' home at Leavenworth
and had become sick. During the month
of April he received seventeen applica-
tions to transportation to every part of
the country, and during May eight were
made. These requests are most frequent
during the winter months when work is
scarce, but always show a great falling
off as spring advances.

NEW TENNIS COURT.

Y. M. C. A. Will Play on North Main

The Y. M. C. A. boys will play tennis
this summer in the new block on North

street is a large vacant space which will
make an excellent court. Men were at
work there yesterday with shovels and
a big steam roller smoothing off the
grounds and putting them in shape for
playing.

a convert to the benefits of Postum."

"So I gave up the coffee habit and
have used Postum instead ever since.

benefits to me we all drink it now entirely

NEW SPUR LAID.

During the Night the Frieco Force
Did the Work.

Winfield, Kan., June 15.—Citizens living
in the fourth ward were surprised Sat-
urday morning when they arose and found
a new stretch of railroad and a string of
box cars standing on Sixth street between
Marshall and Marshall. During the night
a construction gang had been quietly at
work laying a spur of the Frieco main
track. The work was commenced about
11:30 o'clock and was done so quietly that
but a very few people living in the im-
mediate vicinity were awakened. The
new spur is about 80 feet in length,
about half of it being on the Frieco right
of way and the other on city property.

Marselles, France, June 15.—A balloon

TWIN DEMAND BIG

Penitentiary Plant Puts Out a
Large Amount

FLOOD RUINS TRUST TWINE

Warden Jewett Comments on
the Situation

Leavenworth, Kan., June 15.—Although
the output of the binding twine plant at
the state penitentiary this year will be
at least 2,000,000 pounds, nearly double
last year, there is, owing to the destruc-
tion of over 1,000,000 pounds of twine in
the "bottoms" of Kansas City, a heavier
demand for state twine than can be
filled. Kansas annually uses about four
million pounds of binding twine. As it is
"trust twine" which has been destroyed
it makes the demand for the penitentiary
twine all the stronger.

Considerable difficulty has been experi-
enced in shipping out the penitentiary
twine to farmers on account of the floods
deranging the train service. Warden Jew-
ett said yesterday that he hoped to get
the twine out now as rapidly as possible
and supply the farmers in plenty of time
for harvest. The greatest trouble has been
to get the twine to the farmers in north-
western Kansas. The Union Pacific has
been unable to run trains at all and it
may be some days yet before freight ser-
vice is resumed.

"It is my intention," said Warden Jew-
ett, yesterday, "to keep the twine plant
running all year round hereafter. By do-
ing this I believe it will be possible to
turn out three million pounds of twine
a year, which will go a long way toward
supplying the twine demand of Kansas
and compel the trust to sell what twine
is disposed of in Kansas at the same
figure as the state. The plant consumes
700 to 800 bales of steel a month, and I
intend to purchase the raw material on
the open market from month to month.
This will enable me to take advantage
of whatever fluctuations in price there may
be. Heretofore the plant has been run
only from some time late in the fall until
the first of July and the entire supply
of steel purchased before the plant was
started. If this had been done last fall
it would have been necessary to pay a
cent a pound more for all our raw material
than we did this spring."

QUIGLEY IS FREE.

Governor Has Commuted His Sentence
for a Murder.

Leavenworth, Kan., June 15.—Governor
Bailey has commuted the sentence of
Thomas Quigley, now serving a ten year
term in the penitentiary on the charge
of murder, and he is free. Quigley is an
old soldier and lived in Leavenworth. He
shot and killed a man named Oscar Wal-
kowitz, for whom he was working as a
porter in the latter's saloon, in a dispute
over women. The murder took place in
what is known as "The Klondike" oppo-
site the Soldiers' home. Quigley was in-
toxicated at the time and only shot
Walker after the latter attacked him.
